New Wrinkle on Maintaining Group Bank Accounts

New U.S. federal government regulations may mean that organizations, including AA groups, will be required to produce more detailed information about themselves to their banks. In one instance, an AA group in California was notified by its bank that it had to bring in a copy of the group’s charter and bylaws.

A member of the group brought copies of the AA Preamble and the Twelve Traditions to a meeting with a bank officer. The AA member explained the nature of the Fellowship to the officer, who then accepted the Preamble as the group’s charter and the Traditions as its bylaws.

AA groups are more and more frequently being asked to supply an ID number to a bank when opening a checking or savings account, whether or not it is interest-bearing.

Many groups have asked GSO if they can use its ID number. They cannot. A group must obtain its own ID number, a relatively simple process, which often can be done by phone. The first step is to obtain a “Federal ID Number.” Each group must file form SS-4, “Application for Employer Identification Number (EIN).” To obtain the form, call your local Social Security or IRS office. An EIN can also be obtained by calling the IRS at 1-800-829-4933. You can also access the IRS Web site and download the form at www.irs.gov.

Another issue is tax-exempt status. An AA group is not automatically a nonprofit or charitable entity, nor can it be included in GSO’s tax-exempt status. (Your GSO is exempt under section 501©(3) of the code.)

In fact, very few groups undertake the process of becoming a nonprofit organization recognized by the state and federal government. For more information, obtain IRS form, Publication 557, “Tax-Exempt Status for Your Organizations.”

If your group then decides it wants tax-exempt status, contact the IRS for Package 1023, “Application for Recognition of Exemption,” under section 501©(3) of the Internal Revenue Code. You will also need Form 8718, “User Fee for Exempt Organization Letter Request.” An accountant or tax lawyer can be helpful in dealing with the rigorous reporting that may be required.

These topics and more are covered in detail in the Finance Guidelines (MG-15), which are available by mail from the General Service Office and online at http://www.aa.org/en_pdfs/mg-15_finance.pdf.

The AA Torch

Not one of us is given a torch big enough to lead the drunks of the world out of the darkness and into the light. Instead, each of us has been given a candle that burns for a short flame. If we stand outshine the great- and bicker and candle so that each our own little holics of the world in darkness—and while with a flickering together, the light will est torch. If we argue blow at each other’s of us starts shielding flame, then the alco- will continue to suffer so will we.

The above was shared by an AA Trustee at the 1995 General Service Conference
I was asked to write an article about the Hospital and Institution Committee as I knew it in my early sobriety. I will always be grateful for that opportunity as one of the most beneficial activities I encountered during my early AA life.

At the encouragement of Bill V around and about 1966 I was introduced to H&I and one of the first realizations I had in becoming involved in that service was that I was thinking of others and not always of myself.

One of the images that comes to mind was a weekly visit to a locked ward at the Veterans Administration Hospital for alcoholics in Menlo Park. This visit was on a stormy night and as we approached the entrance door a face of a man was pressed against the glass looking to see if we would be coming out on that stormy night. When the door was opened he said "Oh, I thought maybe you weren't coming" and his next words were "Thank God you're here". That was an experience in early 1967. I will never forget that night and how the words WE ARE RESPONSIBLE had a meaning.

There are so many great experiences that I recall when I was active in the service of H&I from 1966 to 1980. So many friendships were formed. I had many positions during those great years, learning as I went along. From 1973 -1977 I was elected General Chairman of H&I of Northern California. Two very special people preceded me and taught me many good lessons. Maybe some of you remember Kim M. and George R. They were very dedicated in doing the work.

Another fellow that came after me was Joe C, who also was very active for many years. I could name a lot more great guys that had a love for H&I work who shared their experience and strength with me.

Our existing "Pink Can" was born by the Northern California Hospital and Institution Committee.

In 1942 at San Quentin, Clinton Duffy, the warden at that time realized that most inmates were incarcerated due to alcoholism. He contacted Warren T. from Richmond and along with an inmate by the name of Ricardo, held the first successful AA institution meeting. This was also in 1942.

Herman K, one of our early founders of AA in the Santa Clara Valley attended those first meetings at San Quentin and Ricardo is mentioned frequently in the early history of H&I in the valley.

These are just a few of my thoughts as I remember in the 1960's and 70's. The committee of today was formed on a lot of years of experience (about 65) and continues to grow.

In closing I would like to pass on the message. Contact your H&I representative for information about doing some service. It gave me so much and the rewards are so great and without a doubt helped me to stay sober. I owe it a lot.

The Courts and Alcoholics Anonymous

The year 1994 marked the beginning of the Drug Treatment Courts in Santa Clara County. The Judges of the Superior Court committed the courts resources to the creation of a special treatment court that would address the emerging issue of substance abuse treatment with criminal justice case processing. This bold step led to the creation of one of the largest and most successful treatment courts in California and the United States.

Initially as a pilot project, the Drug Treatment Court was conducted by two judges on a part time basis, but proved to be so successful that it 1999 it was expanded. I was pleased to be the first Superior Court Judge assigned to this new effort. Today six judges work full time at the Criminal Courts Annex located at 115 Terraine St. in San Jose. The courts individualized treatment plan for each defendant is incorporated into a grant of probation that avoids the need for further jail or prison time.

The treatment courts program requires a one year commitment with various levels of treatment available including residential and outpatient treatment as well as sober living homes. Participants are subject to random testing, probation supervision and frequent court reviews.

Early in its formation, treatment court judges saw the opportunity as community leaders to bring various agencies and community groups together to focus on this community problem. Fundamental to the success of the participant’s year long program was participation in twelve step recovery or peer support groups. Judges learned that long term recovery was a process that needed to continue beyond the initial treatment phase through active participation in groups like Alcoholics Anonymous.

Alcoholics Anonymous has historically played an important role in cooperating with community programs and carrying the message of recovery to criminal offenders.

The year 1942 is considered a landmark when AA members from San Francisco brought the first AA meeting into San Quentin prison at the request of Warden Clinton T. Duffy. The importance of this event and the principle of cooperation instead of affiliation are fully described in General Service Office publication: AA GUIDELINES, Cooperating with Courts D.W.I. and Similar Programs. Judges in Santa Clara County have from time to time been provided with copies of this publication so that they may begin to understand the AA Traditions as well as the concept of cooperation instead of affiliation. These Guidelines discuss other areas of concern that frequently arise in cooperating with the courts. On the subject of required attendance at meetings;

“All of us sober in AA know that to get well we really had to want it for ourselves—eventually, if not at first. We could not stay sober for ourselves—eventually, if not at first. We could not stay sober just because we were “required” to, or for anybody else. Yet, in a real sense, every AA member is at first “sentenced” to AA, either by their employer, family, friends, doctor, or by their own inner suffering. In AA, we are not concerned about who or what sends an alcoholic to us. Our responsibility is to show AA as a way of life, so that newcomers who need it might want it.”

The subject of “Court Cards” is also addressed;

“It is important for the judge to understand that attendance at AA meetings does not guarantee anybody’s future sobriety. Nevertheless some judges require legal, written proof that of that offenders have attended a certain number of meetings. Often, when the court-ordered newcomer attends an AA meeting, the group secretary is happy to sign their first name, or to initial a slip furnished by the court saying so-and-so was at the meeting on a particular date. All involved recognized that neither the group nor the members are ‘bound’ in any way by the signature, nor does this courtesy signify affiliation of the group with any other program. It simply illustrates cooperation.

A review of this AA GUIDELINES is worthwhile to fully understand the relationship of the Traditions with the concept of cooperating with the courts. The Treatment Courts in Santa Clara County have benefited greatly from the contribution of AA Groups, H & I, and other committees who have for many years carried the message to those who suffer from alcoholism. The success of Treatment Courts is demonstrated by the cost savings. One Judicial Counsel study in California showed that over 650,000 jail or prison days were avoided with averted costs of $42 million. However, this pales in comparison however when one considers the number of lives that have been saved as a result of those who found their way to recovery through the courts. So, while the coercive force of the Courts may have triggered that first step, it was the hand of AA that reached out, welcomed alcoholics, and led them on the road to recovery, and for that I am grateful.

Larry T. San Jose
When I first came to AA in September of 1971 my sponsor and others told me that service would help me to stay sober. So I got busy and helped set up meetings, became a secretary, gave rides to meetings and later became a GSR rep, an Intergroup rep and even an Alateen sponsor. In talking with my friend Doris G. one day she asked me to go out to the women’s jail at Elmwood with her on the second Friday of the month. I thought I would try and see how it went and over 25 years later I am still going on the second Friday. It grows on you and I always feel so good after we leave and the women are so thankful and happy to be able to come to the meeting. No matter how I feel before I go, afterwards I am always grateful and so glad that I went. The women seem to be relaxed and always thank us for the meeting. To me it seems like such a small thing to take them a meeting and that we should thank them for coming and showing us that alcohol will take us places we don’t want to go. I especially notice the pregnant women in their maternity smocks and I pray that they hear the message and that the disease will not be passed on to the next generation.

On a personal note my daughter just celebrated 6 years of sobriety last month and has never seen her mother or father drink alcohol.

H & I work is the most rewarding of any service work I have done over the years. Give it a try and see for yourself.

Donna S. San Jose

Going to Elmwood to take AA meetings to the women inmates has been one of the highlights of my service in recovery. I almost always leave with a feeling of excitement, gratitude and hope, that some of these ladies will want to change their lives and choose AA as a path to recovery.

Recently I talked to two former inmates at a meeting and they asked how they could carry the message back to the women at Elmwood. It doesn’t get much better than that!

Another of the gifts I receive from this service is it allows me to hang out with old AA friends on a regular basis as they also bring the message inside.

Gerry L San Jose

What AA Means To Me

What AA means to me is that H & I brings meetings to our jail, once a week. Those men and women restore hope back in my life each week, while I wait for the outcome of court, dates and what happens in my future.

AA fellowship shows up every week. That is pure hope for me. Some day’s court takes the hope out, AA puts it back in. They bring a message of hope, choice, and freedom from within.

AA is all about choices and hope. The fellowship shows up every week with a message of a new way to live a life free of jails and institutions. The men and I that show up have a positive support to look forward to. We thank you men for showing up each and every week.

The choices we make today reflect our future and freedom. AA fellowship puts hope back in my life each week knowing they will show up with a message of how to live free from my addictions. I depend on the fellowship for my growth in AA today. I have a new hope.

AA means hope in my life each week. These men show me a different way to live. I look forward to that hour of freedom. My heart enjoys when I am able to share my growth through the fellowship. Each week, they put choice back in my live, giving me that chance to show up to the meeting.

Thought to Ponder .

Take a walk with God.
He will meet you at the Steps.

S T E P = Something That Enhances Peace.
The Faithful Few

When the meeting's called to order,
and you look about the room
You're sure to see some faces
that from out of the shadows loom
That are always at the meetings,
and stay till it is through
The ones that I would mention,
are the Always Faithful Few.

They fill the vacant chairs,
as they are always on the spot
No matter what's the weather,
Though it may be awful hot;
It may be dark and rainy,
but they are tried and true;
The ones that you rely on,
are the Always Faithful Few.

There's lots of worthy members
Who will come when in the mood;
When everything's convenient,
They come to do some good
They're a factor in the order
and are necessary too
But the ones who never fail us
Are the Always Faithful Few.

If it were not that these faithful,
With shoulder at the wheel
Keep the order moving onward without a halt of reel
What would be the fate of others
Who have so much to do?
They surely would go under,
but for the Always Faithful Few

STEPPING OUT IN SOBRIETY

AA – A Metaphor for Life and Visa Versa

I have been sober for 27 years now, and I drank hard for 25 years before that. During my drinking years I was not too connected to life, but since sobering up, life has been in my face in many ways. It makes me marvel how the AA Program and certain portions of life are so alike.

Late in life, after having been sober for almost 20 years, I took up crew rowing as a hobby – not something the average person does. It was a great challenge, as was sobering up. To crew row, one must be in excellent physical and aerobic shape. To get and stay sober one must be in great spiritual shape and maintain as much serenity as possible.

After a few years I “graduated” to a single boat. That meant it was up to me alone to keep the boat going – as it is up to me alone to stay sober. Rowing a single is not an easy task. My boat is 27 feet long and only 14 inches wide at its widest spot. It has a round bottom. It is like a half-pipe with pinched points and the only thing that keeps it from turning over while rowing are the oars. The oars are like the Steps and a Sponsor. They keep me in balance.

When the water gets rough, as life gets rough, my oars slap the waves in different spots as I swing them forward for the next stroke. This makes the boat very unstable. This is just like life – when it gets tough and rough, we need dig into ourselves spiritually and maintain a cool head to keep from “turning over.”

When I have been rowing a long time and I want to quit, I tell myself, “I can do another 100 meters, I can do another 100 meters.” When life gets tough I tell myself I can do, “one more day” without drinking.

When I am out on the water and I look at the surrounding hills and sky and see the absolute beauty of it, I see God at work. It fills me with serenity in the midst of grueling work, and it makes doing life that much easier.

Life and AA are indeed a metaphor for one another. We just have to see the beauty in it. We just have to see God’s ordered world.

1. In April of 1939 the book Alcoholics Anonymous was published. Bill had given $500 to the printer, Mr. Blackwell, to print the book with the understanding that they would buy the books out of the warehouse. Bill and the early members were trying to consider ways and means of getting the book into circulation. Bill said that “most cheering of all, Mr. Edward Blackwell said he had no intention of turning our book over to an outside publisher”. Mr. Blackwell saw us through for a long while. He held our books in a warehouse until we were able to sell the first 5,000.

2. On April 16. 1973 Dr. John Norris, non-alcoholic chairman of the AA Central Service Board, made a presentation of the one-millionth copy of the Big Book to President Nixon in the oval office. There is a picture of this presentation on display at Central Office. Some think Mr. Nixon should have read the book.

3. In April of 1943, Dave D. from Palo Alto wrote a long letter to Bill W. thanking him for AA and informing him, "that our little Palo Alto group is making fine progress both in numbers and in spiritual growth". He invited Bill to visit us. The letter was answered by Bill's secretary saying that Bill is tied up with pressing matters but that his next trip is planned for the West Coast. Copies of these letters are on display in the archives corner at Central Office. They can be found in "The Roots of AA in Santa Clara County".

Reports
1. Intergroup Chair – Bill D. No report
2. Central Service Board – Robbie R.
   March income ahead for the year, still behind from last year. A motion is before the Conference meeting in May on whether to eliminate the discount on purchases in bulk and to charge for shipping. This would increase the price of books. The Board would appreciate input from the groups on whether contributions could continue or increase if book prices were increased. Prudent Reserve is set at 6 months, but not yet there.
3. Central Office – Bruce
   - Newsletter is now on line: March is there and April will be coming. Archives of past newsletters will be set-up.
   - Encourage all to get involved in the Activities Committee.
4. PI/CPC – Peter for Darcy A.
   - Continue to have strong number of presentations requested and done
   - Health fairs coming up in next couple months.
   - Handout listing high schools in county that have received Big Books.
   - Wanted to reassure that the committee only receives funds from Intergroup.
   - Reaching out to groups to donate Big Book (4th edition, hard back, new.) Box under the archive table in Central Office set-up to accept Big Books.
5. Twelfth Step Committee –
   Daytime – Bruce – no report
   Nights and Weekends – Maxine – Daily coordinators doing a great job filling in shifts!
   Open diverter shifts available. Contact Maxine or Central Office.
